

Introducing virtual services for hearing!

Discover the latest innovation in hearing health care exclusively for Amplifon members like you.

As a Saint Mary's ATRIO Health Plan member, you have access to high-quality affordable hearing health care, including convenient access to virtual services from the comfort of home.

Virtual Screening

The quick and easy virtual screening allows you to accurately confirm if hearing loss is detected before visiting a clinic. All you need to get started is a smartphone and headphones. Your dedicated remote care advocate will guide you through the testing app.

Personalized Coaching

By choosing hearing aids compatible with Amplifon's virtual care app, you receive access to personalized support including one-on-one coaching and education, easing your adjustment to hearing aid use.

On-demand Virtual Visits

You can relax knowing you can schedule an on-demand virtual visit to address non-clinical issues such as battery or charger use, cleaning and maintenance, wax filters or hearing aid usage.
